**IR Reflective Technology** / IR Reflective Technology contains pigments that reflect UV rays back into the atmosphere. Helps reduce the surface temperature of wood decks so they are cooler under foot compared to typical dark stain colors. Available with select colors. Look for the IR Reflective Technology symbol.  
**Tecnología Reflectante de Infrarrojos** / La Tecnología Reflectante de Infrarrojos contiene pigmentos que reflejan los rayos UV de regreso a la atmósfera. Ayuda a reducir la temperatura de la superficie de las plataformas de madera a fin de entregar una superficie terminada para un tránsito seguro comparado con colores típicos de tintes oscuros. Disponible en colores selectos. Busca el símbolo de Tecnología Reflectante de Infrarrojos.
